Dear Mr. Koto,

Thank you very much for providing to me the information on the cost of materials for our new fence. This may be beneficial to me come tax time in April, depending, of course, upon what Congress may do -

Also, please find enclosed the survey I was requested to complete. Of all the contractors we have had working on our new home, I would put Mr. Bracken at the top of the list. He did an outstanding job. Also, German did an outstanding job on the installation of the fence. I think I have the straightest fence in Kendall County!

My best wishes to you for continued success in your business.

Very truly yours
Richard H. McPike
