

To whom it may concern,

It is with pleasure that I write this letter of reference for work done for us at UTSA West Campus Apartments by Quality Fence and Welding.

We are very pleased with the work which has been done to this point. Their approach demonstrates teamwork and a firm commitment to get through each phase of the project on time whatever the obstacle.

The UTSA West Campus Apartment project has proved to be far more challenging than originally anticipated. Gary Walker, Rodney Lines and the job site crews showed determination and creativity, even when we added work which was not in their original scope, they found the resources necessary to meet our deadlines even if this meant staying very late and working over the weekend.

We would like to thank Quality Fence for the part they played in helping us all be successful and we look forward to a successful conclusion to this job and the opportunity to work together again in the future.

Yours sincerely,

Chris Anthony
