TO WHOM IT MAY CONCERN:

The San Antonio Development Agency is a municipal government organization that has benefited from the services of the San Antonio Quality Fence and Welding Company, Incorporated on a number of occasions.

The staff and management of their firm are of the highest professional ability. Not only are they prompt in performance and responsibility to the client's wishes and needs but they have also been most competent and fair in pricing.

I welcome the opportunity to highly recommend them to anyone seeking any of the services they provide.

Sincerely,

M. Winston Martin  
Executive Director
