Re: Letter of Reference

Steve,

My wife and I want to thank you and your crew for an outstanding job installing our fence at 16038 Watering Point. The wait was worth it and you delivered on everything promised. Your immediate response to a few issues at the start of the job, and the resolve; cannot be more appreciated.

The installers have to be recognized for their very hard work and attention to detail. You and the crew took all our needs into consideration and went above and beyond of what we expected. It had to be more difficult with all the landscaping and structures to work around and for the guys to not even break a twig - is remarkable. Their clean up was thorough and had no impact on our lawn.

Those are very, very hard workers, respectful, polite; and God bless them. I am glad that we made the right decision to go with Quality Fence and Welding and will keep you in mind for any of our future needs and will recommend you to others.

Thank you,

David and Jeanie Dentinger
