Dear Bill:

This is just to let you know how happy we are with our new fence. The workmanship is high quality and a number of neighbors have commented positively. We especially enjoyed working with you and appreciated your quick response with the bid and your overseeing of the project. Your assistant, Jesse, is excellent at his job in all respects. His work is exact and he is a master at the "PR" work required with neighbors when a fence is going up.

We will be happy to refer others to you as the occasion arises.

Sincerely,

Charles and Cherie Wright
