Dear Mr. Bates,

I want to commend you and Quality Fence & Welding, Inc. for the outstanding job done on the Hill Country Electric Supply project.

Hill Country Electric Supply was both a successful and a rewarding project – one in which Koontz McCombs Construction, Ltd. is very proud to have been part of. The project's success would not have been possible without the professional approach and commitment to high standards of performance, quality and safety displayed by Quality Fence & Welding, Inc. and your fellow subcontractors and suppliers.

Thank you for your efforts. I am very much looking forward to working together again.

Sincerely,

Henry M. Serry  
Senior Vice President
