Re: Console Building Railing

Dear Mr. Noto:

I would like to take this opportunity to express my great satisfaction with the work your company did on the railing for our building at 9501 Console Drive and for my dealings with your project manager, Larry Zimlick. The quality of the workmanship, the timeliness of delivery, and Mr. Zimlick's oversight of the project up to completion are all worthy of praise. All the workers on the project were professional, courteous, and obviously took great pride in their work. Although we did not take bids on this project as it was relatively small (\$7,928), I took the recommendation of Brandy Baker of 4-B Paving who highly recommended your organization, and your fee seemed very reasonable for the work to be performed.

I invite you to visit our building if you are in the area.

Thank you and your organization for a job well done.

Very truly yours,

Gayle S. Kemble
