TO WHOM IT MAY CONCERN:

I have worked with S.A. Quality Fence and Welding Co. for 3 years now and can highly recommend them. Both Kevin McConkey and Graig Noto have been very responsive as far as scheduling fences within my sometimes tight time frame. The quality of their work is as impressive as their commitment to service. Whether I call Quality to schedule a new fence or simply a service request, I know the work will be done when I request it. I have seen their crews work late into the night and on weekends just to get my work done when promised. In fact, I have seen Kevin himself work on a service call by flashlight, ankle deep in mud simply because I needed the work done that day.

In conclusion, if you need a fence company, Quality is the best around. Their name says it all! Please feel free to contact my if you require any other information.

Sincerely,

Trisha Pillsbury
